Suzan McCreadie is the owner of INKFISH and currently based in Waterford, Ireland. INKFISH has team members in the greater Cape Town area, and Johannesburg area, South Africa. Part of our team is in The Phillipines.

OUR AREAS OF EXPERTISE

STRATEGY is handled by the Marketing Consultant, recommending the best practice and return on investment for your retainer. Research and ideas are part of this portfolio too.

WRITING creates content for websites, blogs and social media, as well as performs keyword research to incorporate in the writing work.

SEO looks after the technical side of optimising websites and also handles Google and social media adword campaigns.

WEB UX & DEV is the development and trouble shooting of websites, after they have been optimised for the best user experiences.

CONTENT is the team that loads blogs, does minor web updates and creates email newsletters.

DESIGN is represented by our two talented and superfast graphic designers who make it all look so professional.

SOCIAL MEDIA ensures the opportunities out there to get your message to the world are best used.

VIDEO is a new department and we occasionally bring in outside experts if required.

HOSTING makes sure your website is safely kept, backed up and your email management is at your fingertips.
